WARNING

THIS Book being an expression of individual feelings is not ruled by any conditional term or by any social Ism. Life is a reaction, an ever-revolting reaction against every external action, and an Ism of any kind, is a condition which fetters life.

What life is I know and feel. I am glad I did not have to struggle in the Labyrinth of doubt to learn the missing link of life. If you think you ought to grope in the darkness of conditions in pursuit of life, don't read this Book, for you will be influenced by it.

If you are perfectly satisfied with life, with feelings, don't read again this Book. I am sure you do not need to read the book of Life when you are satisfied with life.

But if you are a scientist, a philosopher, a teacher, a student, a poet, a thinker, or an artist, read this book. You will learn something, I am sure.
