PREFACE

THIS book comprises a series of lectures delivered by the author at the Calcutta University during the last cold weather. An attempt has been made throughout the work to present the different sides to every question in a fair and impartial manner. The historical portion of the book is based mainly on Parliamentary Papers, Blue-books of the Government of India, and other official publications. For the rest of the book the author has tried to avail himself of the most authoritative sources of information. As it is not possible to give references in all cases, he desires to express his gratitude to the authors and publishers of all works from which he has gathered any information. He is especially thankful to Mr. Sudhir Kumar Lahiri and Mr. Dhurjjati Prasad Mukerji, who have helped him with suggestions and in seeing the book through the press.
