1842 . f. 7

P R E F A C E.

THIS little treatise is not intended in any way as a substitute for other and larger works on astronomy. But the author was induced to think that a concise digest of the most important facts which have been discovered regarding the motions of the celestial bodies, and the dimensions of those belonging to our own system, might be useful to many persons who take an interest in the science. Particular care has been exerted to render the information given the most recent which is available at the time of publication.

Blackheath,
March 1st, 1884.

W. T. L.

In this third edition, the work has again been revised, and the information brought up to its date.

Blackheath,
March 21st, 1885.

W. T. L.

"Lift up your eyes on high, and behold Who hath created these things,
that bringeth out their host by number; He calleth them all by names by the
greatness of His might, for that He is strong in power; not one faileth."—
Isaiah xl. 26.

"Laudate eum, Harmonie cœlestes."—*Kepler.*

CONTENTS.

CHAP.	PAGE
I. THE EARTH	1
II. THE MOON	4
III. THE SUN	6
IV. THE PLANETS GENERALLY	10
V. THE INFERIOR PLANETS, FORMING THE FIRST GROUP	12
VI. THE SMALL PLANETS, FORMING THE SECOND GROUP	15
VII. THE EXTERIOR PLANETS, FORMING THE THIRD GROUP	23
VIII. COMETS	34
IX. METEOROIDS	49
X. THE FIXED STARS	53
XI. SHORT SKETCH OF THE HISTORY OF ASTRONO- MICAL DISCOVERY	67
ALPHABETICAL EXPLANATION OF THE ASTRONOMICAL WORDS AND TECHNICAL TERMS USED IN THIS TREATISE	73

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in the context of public administration and government operations. This section also highlights the role of technology in streamlining record management processes and reducing the risk of data loss or corruption.

2. The second part of the document focuses on the implementation of robust internal controls and risk management frameworks. It outlines the need for regular audits and assessments to identify potential vulnerabilities and ensure that organizational policies are effectively enforced. This section also discusses the importance of employee training and awareness programs in fostering a culture of integrity and ethical conduct.

3. The third part of the document addresses the challenges of data security and privacy protection in the digital age. It provides guidance on how to safeguard sensitive information from unauthorized access and disclosure, while also ensuring compliance with relevant data protection regulations. This section also touches upon the importance of incident response plans and the role of external security experts in conducting thorough risk assessments.

4. The fourth part of the document explores the role of leadership and governance in promoting organizational success and sustainability. It discusses the importance of clear communication, strategic vision, and effective decision-making. This section also highlights the need for strong governance structures and the role of boards of directors in overseeing organizational performance and ensuring the long-term viability of the organization.

5. The fifth and final part of the document provides a summary of the key findings and recommendations. It reiterates the importance of a holistic approach to organizational management, one that integrates financial, operational, and human capital considerations. The document concludes by expressing confidence in the organization's ability to overcome challenges and achieve its mission, provided that it continues to embrace innovation and maintain a commitment to excellence.
