## PREFATORY NOTE

**T**EXT in *Origines Islandicæ*, Vol. II. Sir George Dasent published a literal translation in 1865. In 1900 Miss Beatrice Barnby made and published a dramatic version of it (Constable & Co., 1900), with a preface by Professor York Powell. My volume is made on the lines of its predecessors. I have added nothing to the substance and have left out many of the accidents, including (without exception) all the bad verses.
