SYMPHONIES AND THEIR MEANING

BY PHILIP R. GOEPP

12mo. 407 pages. Cloth, \$2.00

This work, now in its third edition, has demonstrated its great usefulness.

Taking up the representative symphonies of the great composers, and illustrating his remarks with excerpts from the score, the author shows the individuality, the special intention of the master, and, where possible, the underlying purpose of his art.

As an aid in the study of the symphony, and as a companion at symphony concerts, the book is without a rival.

By permission of E. H. Schramler, Berlin
