I.

LE TRADUCTEUR,

OR, HISTORICAL, DRAMATIC, AND MISCELLANEOUS SELECTIONS
FROM THE BEST FRENCH WRITERS.

On a Plan calculated to render Reading and Translation peculiarly serviceable in acquiring the Speaking and Writing of the French Language; accompanied by Explanatory Notes, a Selection of Idioms, and concise Tables of the Parts of Speech and of Verbs.

New Edition. 12mo., 5s. 6d.

"The author has been careful to select such pieces only as are instructive and entertaining, and may be placed, without reserve, in the hands of youth of both sexes,—to embrace every possible variety in word, phrase, or sentence, and to afford a ready exemplification of the rules of grammar, by appropriate remarks, and numerous notes on those peculiarities which form the most difficult parts of the French language."—*West. Mag.*

"A judicious, instructive, and entertaining selection, free from every immoral or irreligious thought or expression which the French language contains."—*Lit. Panorama.*

II.

A FRENCH GRAMMAR.

Divided into Three Parts.

THE PRONUNCIATION, THE ACCIDENCE, AND THE SYNTAX.

New Edition. In One Vol. 12mo., 5s. 6d.

"All the rules we find arranged in this grammar with the utmost simplicity and perspicuity, none occupying more than two lines, and arranged in so convenient a manner as to render reference very easy. At the same time every rule is illustrated by a number of plain practical sentences, such as are wanted in the common intercourse of life, and are made familiar by exercises of a similar kind. The Tables of Declensions and Conjugations are also admirably clear. It is almost impossible to represent sound to the eye; yet the rules of pronunciation laid down in this book are so systematic and precise as to render them a great help to those who have had some oral instruction."—*Character of the former Edition, Monthly Review, June, 1828.*
