## **REPORT OF PROCEEDINGS OF THE ILLINOIS PHARMACEUTICAL ASSOCIATION, AT ITS TWELFTH ANNUAL MEETING, HELD AT KANKAKEE, AUGUST 25, 26 AND 27, 1891**

## WHAT PREPARATION OF MALT WITH COD LIVER OIL SHOULD BE PRESCRIBED AND DISPENSED?

Prof. Robert G. Eccles examined three of the best known preparations of Cod Liver Oil in the market: Number one, Trommer's; number two, The Maltine Co.'s; number three, Parke, Davis & Co.'s, and reached the conclusion already arrived at by an analysis previously made of these same products by Prof. R. H. Chittenden, of the Sheffield Scientific School of Yale University, that only one of these products, and that number three, was true to the claim made by its makers as to the percentage of cod liver oil.

Inasmuch as the State Dairy Commissioner of Ohio, about a year ago, made a report not in harmony with these facts, which report the Trommer Co. made use of to depreciate Parke, Davis & Co.'s preparation of malt with cod liver oil, and widely circulated with the intent of disparaging this product and advertising their own, it gives us much satisfaction to quote the opinions of these two distinguished chemists, Professors Chittenden and Eccles, in substantiation of the claims made by this well-known house, who desire to inform their friends that their product has sustained its reputation for excellence, and to request physicians to specify it in their prescriptions in preference to that of other manufacturers.

A complete copy of Prof. Eccles' report will be sent pharmacists on application to

**PARKE, DAVIS & Co.**
