FOREWORD

THIS book is not intended for scholars, but for the general reader. It is not a commentary, but the sympathetic study of an experience. Those who are interested in critical questions concerning this book are referred to the Appendix.

Whilst I have read these "Confessions" in the original tongue I have availed myself of the translation of the Revised Version, for which I beg to thank the Universities of Oxford and Cambridge. But in a few instances I have adopted the marginal reading in preference to the text.
