## P R E F A C E.

---

WHILE the minutest details connected with the history—political, moral, religious, and domestic—of almost every other people, have engaged the pens of various writers, it is a singular fact that the peculiarities of Modern Judaism, and its domestic usages, are as yet but comparatively little known. To the Christian, however, such knowledge is of vital importance, whether considered in reference to the present position of that ancient and highly-favoured people, or to their predicted future destiny, and its bearing on the very being of Christianity.

The following pages present a narrative of the trials and sufferings incident to the reception of "the truth as it is in Jesus," which have often been verified in the experience of Jewish converts. Let it not be

supposed, however, that such consequences merely attach to times long past, and to other countries. In England the external character of Judaism is from local causes modified to a certain extent; but its essence is ever the same.

In the humble hope that this little work may be found useful, the Writer commends it to the Divine Blessing, which alone can give it acceptance and utility.

## CONTENTS.

---
