OLIVE THORNE MILLER

**SICK AND
IN PRISON**

BY THE SAME AUTHOR,

Very handsomely bound, price 4s.

FRIENDS IN FUR AND FEATHERS. By Gwynfryn (one of the contributors to "Aunt Judy's Magazine"). Illustrated with Eight full-page Engravings after Drawings by F. W. Keyl and other artists.

"We have already characterised some other book as the best cat and dog book of the season. We said so because we had not seen the present little book, which is delightful. It is written on an artistic principle, consisting of actual biographies of certain elephants, squirrels, blackbirds, and what not? who lived in the flesh; and we only wish that human biographies were always as entertaining and instructive."—*Saturday Review*.

"Friends in Fur and Feathers, sketches of animals, delineated with the gusto of a Buckland and the kindness of a Southey."—*Atlas*.

"They are true stories of real brutes and birds, and are admirably calculated to interest, in a wise, humane spirit, the younger class of readers in the beautiful, and often touching, mysteries of animal life. The writer shows a degree of thoughtfulness not always observable in the authors of this species of literature; and the illustrations are worthy of the text."—*London Review*.

"A delicious little volume,—and, moreover, charmingly illustrated,—about birds and animals."—*Daily News*.

"The delicate observation, the graceful style, the dainty humour that the writer displays, make these records of pet birds and animals very pleasant reading indeed. It is difficult to resist the temptation to quote very largely from its pleasant pages; but we prefer to recommend readers to the book itself, hesitating to appropriate any of the many good things in the way of anecdote with which it is filled."
Imperial Review.

SICK AND IN PRISON.

WHEN Jack the Giant-killer wanted to get into a giant's castle, I believe he had only to wind the magic-horn which always hung above the castle gate, and unseen hands flung open bolts and bars, and Jack walked on unquestioned into the awful presence of Giant Despair or Giant Blunderbore.

I am afraid I have not got their names quite right. I believe I have confused the Pilgrim's giant with one of Jack's; but at all events, these two giants are modern enough, true and new enough, for my story; having, in fact, both of them, sadly too much to do with it. Neither of them are dead, and buried, and gone with all the other hob-goblins, as some good
