OPINIONS OF THE PRESS
ON THE FIRST SERIES OF
VILLAGE SKETCHES

BY

T. C. WHITEHEAD, M.A.

*Head Master of Christ's College, Finchley, late Incumbent
of Gawcott, Bucks.*

"Much sound good sense and noble feeling are displayed in these Sketches."—*Athenaeum*.

"This little volume is one that will interest any clergyman or any educated man with a kind heart, and that might be read with applause in a section of the Social Science Congress; but it will be read in cottages by many who will have acute personal sense of the truth of those small bits of homely wisdom which are sometimes quietly stated as well as applied."—*Examiner*.

"A very commendable and genial little book. All country clergymen would do well to take a leaf out of the author's work."—*Spectator*.

"This pleasantly written little book gives a simple but true story of successful enterprise in that rather difficult part of a country clergyman's duty—the social organisation of his flock in their village gatherings and institutions."—*Economist*.

OPINIONS OF THE PRESS.

"We should be glad if all who came much into contact with those beneath them in social station could read what is here written."—*Daily News*.

"We should like every clergyman in the land to condescend to read this volume."—*Ecclesiastic Review*.

"A very clever and practical account of what may be done in a rural parish by a sensible and energetic man. We advise all clergymen to read the book, and think about it."—*Guardian*.

"These Sketches present a deeply interesting picture of what may be done even in an ordinary English village, among ploughboys and labourers, showing how possible it is for a pastor of tact and good sense to solve some of the difficult problems which this class of our population suggests to a Christian mind."—*Record*.

"As a sample of what may be done by a single individual will, this book is to be strongly recommended to all who are interested in the great cause of humanity; young clergymen especially should study it."—*Illustrated Times*.

"For homely truthfulness and animation these Sketches may compare with efforts that have made their authors famous. Miss Mitford has not shown a clearer perception of the distinctive traits of rural character, or a more faithful power of transcription."—*Morning Star*.

"A valuable repertory of parochial experience, which may be of the greatest use to country clergymen. As it is all experience, and there are no theories, it is not only a pleasant book to read, but a practical one to follow."—*Literary Churchman*.

OPINIONS OF THE PRESS.

"These brief, lively, and suggestive sketches are well worth the attentive perusal of both clergy and laity."—*English Churchman*.

"Written with great simplicity, but at the same time with an appreciation of rustic character, which is very attractive and entertaining. All country clergymen will be greatly interested in its contents, and we recommend it to all village book societies, as also to the private attention of every clergyman's family."—*Press*.

"We recommend this volume to the attention of any clergyman who feels that he possesses but little influence with his parishioners, and is disposed on that account to complain of what he considers their apathy and indifference."—*Lloyd's Weekly Newspaper*.

"This little work is one of the most instructive of its kind we ever remember to have met with."—*Midland Counties Herald*.

"This is a book which every clergyman ought to possess, and which every layman may profitably read."—*Northampton Mercury*.

"One of the pleasantest and most practical little books we ever perused."—*Bristol Daily Post*.

"Penned in a lifelike style, full of the most valuable experiences, and rich in shrewd witty sense."—*Sunday Teachers' Treasury*.

"Mr. Whitehead's admirable and genial sketches of parish plans, though specially descriptive of country parish life, yet should be read by every clergyman."—*Rev. J. Erskine Clarke's Parish Magazines*.
