ENTERED according to Act of the Parliament of Canada, in the year 1981, by
the Trustees, Governors and Fellows of Acadia College, in the Office of the
Minister of Agriculture.

PREFATORY NOTE.

THE publication of this Memorial Volume has been delayed by the cares and labors connected with the rebuilding of the College. But the book contains matter that is of permanent value; and, perhaps, it may be received with greater interest because it appears some time after the occasion on which several of the papers here preserved were first presented to the public. In some instances the same facts appear in different parts of the volume; but as each writer has presented them from his own point of view, it has been thought best to let the papers stand without modification. It is quite probable that the Record of Graduates may not be correct in all cases; but it has been prepared with much care and after extensive correspondence. It was not intended to include changes that have taken place since the close of the year 1878. The material of the Appendix, excepting the Legislative Acts, was found among the papers of the late J. W. Nutting, Esq., for many years Secretary of the Education Society.
