"I never wanted articles on religious subjects half so much as articles on common subjects, written with a decidedly Christian tone."—DR. ARNOLD.

THE Committee of the RELIGIOUS TRACT SOCIETY have resolved to publish a volume every month, adapted to the new development and growing intelligence of the times. This series, with the exception of a few reprints, will be ORIGINAL; from the pens of authors of ability in their respective departments in literature and science:—SCRIPTURAL; in the principles in which they are written:—POPULAR; in their style; so that instead of being limited to one class of the community, they may be generally acceptable:—PORTABLE; that they may serve as "hand-books" abroad and at home:—and ECONOMICAL; the twelve volumes of a year costing less than three half-pence per week. Thus while the MONTHLY SERIES will be fully adapted to the educated FAMILIES of our land, to DAY and SUNDAY SCHOOLS, and to the LIBRARIES of mechanics and others, they will supply interesting and valuable reading to a large number of the people who can only spare time enough for the perusal of a small volume, and whose means will not allow of a more costly purchase.

The Committee of the RELIGIOUS TRACT SOCIETY look with confidence to their friends, to aid them in widely distributing their MONTHLY VOLUME in FAMILIES, SCHOOLS, and GENERAL LIBRARIES; while they entreat on this effort the effectual blessing of Almighty God.

NEW SERIES OF BOOKS.

THE Committee of the Religious Tract Society have long been convinced that a new series of Books for Schools and Families was greatly needed. Many of the works now in use have much merit, but they are generally destitute of that truth by which alone the understanding can be enlightened, the heart renovated, and the feet guided in "the paths of peace." It is to provide books adapted to supply this deficiency that the present effort is made. The pens of several esteemed writers have been secured for this series.

In works of History, the object will be carefully to exclude those details which are objectionable, and to view all events as under the control of Divine Providence. In Biography, the conduct of men will be estimated, not by the maxims of this world, as in most other publications, but by the only infallible standard, the word of God. In every book of general instruction, sound information will be imparted on decidedly Christian principles.

The following have been published, in 12mo., strongly bound in cloth, sprinkled edges.

THE HISTORY OF ROME, with Maps, 3s.

THE HISTORY OF GREECE, with Map, 2s. 6d.

LIVES OF ILLUSTRIOUS GREEKS, 3s.

A UNIVERSAL GEOGRAPHY, in Four Parts: Historical, Mathematical, Physical, and Political. By the Rev. THOMAS MILNER, F.R.G.S. Ten Coloured Maps. 5s.

A HISTORY OF ENGLAND, and other works, are in progress.

Each volume will be complete in itself, printed in a good type.

. *These works will also be found worthy of the perusal of students and general readers.*
