## PREFACE

THIS volume contains a few of many talks which the author has given on Sunday afternoons to the students of Bradford Academy. At their request and for their convenience the volume is published. While hundreds of addresses to young women of college age have found their way into print, the books that deal with the problems and needs of younger girls and that look at life from their point of view are few. Though these talks were inspired by the needs of a definite group, the author will be glad if the book finds a wider audience.
