		Wire.....	166
		Wire Pliers.....	168

## Please Read This Page.

Our salesmen go into every state in the Union and into Canada. We have Local Agents everywhere, so that it should be easy for you to buy our trade-marked tackle in your own city or town. We prefer the angler to order our goods through his local dealer, because it shows the dealer that there is a demand for "A. & I." tackle, and encourages him to place his stock order with us.

In almost every town there are a few anglers who want the best tackle that can be made—better than local dealers wish to carry in stock because of the limited demand. To such anglers this book should be especially interesting.

Our retail department is prepared to fill mail orders promptly and carefully. The prices in this Catalogue are absolutely NET. Every purchaser pays exactly the same price. We do not allow discounts—even to "our friends." Wholesale prices are given only to merchants who carry fishing tackle in stock as a regular part of their business.

When requested to do so, we will ship goods C. O. D. "with privilege to examine" provided enough cash is sent to cover express charges both ways.

We are glad to open accounts when satisfactory references are given. New York references are preferred.

### A Suggestion.

Make your orders plain. Use the order blank in the back of this book. Give the catalogue page and the number of the article and the price. Be brief. If you have a rubber stamp for your name, use it.

We will always correct mistakes promptly and cheerfully.

Make yourself so clear that if there **should be** a mistake it will be our fault.
