PREFACE

In offering to the public this book on my impressions of America I do not in any way attempt to criticise the Government, the laws, the institutions, or the policies of the United States.

Many writers who visit America and afterwards write a book, see only one side of the country. Furnished with letters of introduction to the best known people, they are received with the splendid hospitality which rich Americans are so well noted for, but they have not had the opportunity of judging America as those who have to fight their way by the sweat of their brain, or their brow.

The writer was,—and is,—

WILLIAM WOODLEY.
