P R E F A C E .

A large portion of the contents of this volume are the productions of leisure hours in the years of minority. The remainder were chiefly composed during a tour in foreign countries, and subsequent to visiting the scenes to which they refer. If, in presenting them to the public, the Author shall be instrumental in furnishing useful entertainment for an hour otherwise unoccupied, in stealing a single pang from the couch of sickness and of pain, or in inculcating correct sentiment in one expanding mind, he will not have written entirely in vain.
