Preface

This pamphlet affords a concise, accurate, and clear survey of the recent progress and present position of the world-wide Christian student movement. It embraces the official reports of all the national Christian student organizations which are bound together in the World's Student Christian Federation. The period covered extends from March 1, 1902, to the end of February, 1903. These records abound in facts of encouragement to all who are interested in the extension of the Kingdom of Christ. In the light of the evidence here given it may be stated that the spiritual condition and outlook of the student world were never more favorable than at the present time. It is believed that the study and use of this important information will widen the horizon, increase the efficiency, stimulate the activity, and intensify the prayerfulness, of workers among students in all lands.

December, 1903.

JOHN R. MOTT.
