PREFACE TO THIRD EDITION.

THE second edition of *CAMP LIFE IN THE WILDERNESS* having become exhausted, and the demand for the book increasing, a third edition is now published, and twelve new character illustrations have been added, to take the place of landscape views in the former editions.

The story gives the haps and mishaps of a party of Boston gentlemen who spent a summer vacation in the Rangeley Lake Region, and is, in the main, true, although, in portraying some of the scenes in the story, I have taken the usual license of authors. The book is well calculated to while away a leisure hour, and furnishes a good deal of reliable information to those who think of visiting the lakes.

Persons who visit the lakes by way of Andover, now leave the Grand Trunk Railway at Bryant's Pond, and take Tuttle's stage to Andover, the stage line from Bethel to Andover having been discontinued. The Bethel stage now runs to the Lakeside Hotel in Cambridge, N.H., at the foot of Lake Umbagog.

CHARLES A. J. FARRAR.
