## PREFACE.

AS only two volumes of the series of "Illustrated Biographies of the Great Artists" can be devoted to the Early Italian Sculptors, these little books cannot pretend to give more than a mere outline of the progress of the Sculptor's art at the time of the Renaissance.

It is the author's hope that though, from want of space, much critical and descriptive writing had to be avoided, yet that as to historical facts, the work will be found trustworthy. As a sketch, it may so far give a general idea of the subject and the chronological succession of artists, as to prove a useful introduction to the study of deeper authors; and may also serve to be of use as a handbook for Continental travellers.

L. S.

FLORENCE, *January*, 1852.

## CONTENTS.

### PART I.

#### THE PISANS.

CHAP.	PAGE
