INTRODUCTION
TO THE
FOURTEENTH EDITION.

Since the Twelfth Edition of this little treatise was published, we are glad to be able to announce that the book has been run into a German mould, the translation being undertaken by the Rev. J. Engels. He entitles his version:—

“Das Leben nach dem Code.”

The German issue forms the Thirteenth Edition, so that the present English edition is the Fourteenth.

As time has taken many liberties with the Author since Life After Death first saw the light, we have, in deference to the wishes of some of his readers, given the book a more up-to-date frontispiece.

In conclusion, we take this opportunity to announce that Monsignor Vaughan has yet another book in preparation, to be entitled Dangers of the Day. It is being published in America, and will appear in 1908.
