DEDICATION

THE Temple of Solomon was wrought according to a Divine plan by practical workmen. Freemasonry is not a theory, neither a mere speculative plan incapable of a practical application. It must be wrought into beauty and effectiveness by the skilled workmen who are Freemasons in truth.

Therefore, this book is Fraternally dedicated to the Freemason who is a Freemason and not merely a member of some Masonic Lodge.

PROLOGUE

THE unseen player on the golden harp of Freemasonry has touched a sweeter chord; its notes speak of love, of joy, of gladness; whose harmonies will touch the heart of this cold, selfish world. Its seraphic sweetness will be carried, as on the wings of the morning, to the uttermost parts of the earth, to hamlet and palace, to the rich and the poor, that it will roll back in a mighty chorus from royal men, repeating the angelic song of Bethlehem's plains: "Glory to God in the Highest, Peace on Earth, and Good Will to Men."
