DIVINE IMAGINING

AN ESSAY ON THE

FIRST PRINCIPLES OF PHILOSOPHY

BEING A CONTINUATION OF THE EXPERIMENT

WHICH TOOK SHAPE FIRST IN

“THE WORLD AS IMAGINATION”

(No. 2 OF THE “WORLD AS IMAGINATION” SERIES)

BY

DOUGLAS FAWCETT

“We may rest assured that many of the most general laws of Nature are as yet entirely unthought of; and that many others, destined hereafter to assume the same character, are known, if at all, only as laws or properties of some limited class of phenomena; just as electricity, now recognised as one of the most universal of natural agencies, was once known only as a curious property which certain substances acquired by friction, of first attracting and then repelling light bodies.”—JOHN STUART MILL.

CONTENTS

FOREWORD

	PAGE
§ 1. We are concerned with the most important of all truths	xix
§ 2. Mistrust of the world-order after the war. Bertrand Russell's creed of despair	xx
§ 3. Mere spiritism and modern psychical research cannot shatter this creed. A complete reply must be sought in metaphysics	xxi
§ 4. Relation of this essay to the <i>World as Imagination</i> explained In what an "original synthesis" consists. Call for a succinct exposition of Imaginism, i.e. the Imaginal Hypothesis, as verifiable in the becoming of Nature and finite sentient.	xxii
§ 5. The creative evolution taught in the <i>World as Imagination</i> was espoused by me as far back as 1893. It receives its interest and value only in the new setting of Imaginism	xxiv
§ 6. Imaginism confirms positively against Greek, Indian, and German Absolutism the belief in a real creative process in time	xxv
§ 7. And thus allows us to confront effectively the problem of the soul	xxv
§ 8. Imagination or Imagining?	xxv
§ 9. On the bearing of Dr. Whitehead's <i>Principles of Natural Knowledge</i> on our Nature-philosophy	xxvi
§ 10. On the use of some novel terms The vitally important term and concept "Consciring."	xxvii

CHAPTER I

PRELIMINARY STATEMENT OF THE IMAGINAL HYPOTHESIS OR (AS SOME CALL IT) IMAGINISM

§ 1. Imagining as the "Cinderella of philosophy" As the Rosetta-stone of thought.	1
§ 2. The Imaginal Hypothesis stated in its simplest form Why this experiment was necessary.	2
§ 3. Not only intellectual, but also grave aesthetic and ethical, interests are at stake	4

CHAPTER II

NEGATIVE VINDICATION OF THE HYPOTHESIS—COMPETING SOLUTIONS
OF THE WORLD-RIDDLE HAVE PROVED UNSATISFACTORY

	PAGE
§ 1. Hypotheses, truth, and fancy	6
§ 2. Intuitions, the fanciful and the valuable	7
§ 3. Negative vindication of Imaginism	9
It is important but inconclusive.	
§ 4. First of the rival hypotheses to be set aside	10
The fallacy of Materialism.	
Matter is not a reality independent of us, but a command-concept.	
"Mechanical mythology."	
Matter and the ether.	
The movement to psychics.	
The matter of the system of Plotinus not the matter of the materialists.	
But marks a defective idealism.	
§ 5. Force cannot be the world-principle	15
§ 6. The fallacy of Energetics	16
Energy is a command-concept, the creation of human imagining.	
Energy-symbolism and its interpretation in metaphysics.	
§ 7. The fallacy of Scholastic Theism; the belief that the source and sustainer of appearances is an infinite personal God	18
The case for a finite God is not being dismissed.	
§ 8. The fallacy of Agnosticism	18
§ 9. Pluralistic realism unsatisfactory	18
§ 10. What we mean by idealism	19
Considered from a cosmic point of view.	
Considered from the point of view of a human percipient.	
§ 11. The Monadology of Leibnitz rejected	23
§ 12. The panlo-idealistic hypothesis of "mind-stuff" rejected	24
§ 13. The Will of Schopenhauer rejected	25
§ 14. Hegelianism fails	26
Reason, the logical Idea, will not support the weight of a universe.	
§ 15. But the failure of Reason prepares the way for a novel solution	28
Bradley's Absolute Experience above Reason contrasted with Divine Imagining.	
§ 16. Bergson and the Imaginal Hypothesis	29
The " <i>Élan Vital</i> " merely a symbolic concept.	
The opposition of "Life" and "Matter" untenable.	

CHAPTER III

POSITIVE VINDICATION OF THE HYPOTHESIS

§ 1. Hegel's "object of philosophy." And ours	31
What we mean by calling the world-principle imagining.	
Divine Imagining.
