## P R E F A C E.

---

THE present volume resembles in many respects so closely that which, two years ago, was so favourably received under the same name, that it has not seemed advisable to change a title which is probably not inappropriate.

It is hoped, should other engagements permit, to issue before long a third and concluding series of "Songs of Two Worlds," which, with the former and present volumes, will probably exhaust all that the writer is desirous of saying through the medium of lyrical verse.

## CONTENTS.

---
