PREFACE.

THIS little volume is not for theologians. There are many abler and more elaborate works on Presbyterianism written for them. It is for the people—the busy, earnest people, who have neither the time nor the taste for an extensive study of this subject, but who ought to know—at least, in a general way—what Presbyterianism is, what it has been in the past, what it believes and teaches. In his pastoral work the author has often wished for such a book, and he earnestly hopes that this one may help supply what he believes to be a real need of the Church. For it he asks the blessing of God and the favor of the people.

R. P. K.
