PREFACE

THIS Manual contains the text of the Massachusetts Business Corporation Law of 1908, and, following each section, concise notes of such decisions upon the effect of former statutes relating to corporations as may aid in the construction and interpretation of the new act.

In the second chapter, such miscellaneous provisions of the Revised Laws are collected as are applicable to corporations which are subject to the Business Corporation Law.

The Appendix contains the official forms prescribed by the Commissioner of Corporations and other forms which may be useful in the organization and management of corporations.

Boston, October, 1908.
