AUTHOR'S NOTE.

Occasion has been taken, in connection with the manufacture of a new set of plates for The Chevalier, to make a complete revision of the text. Readers of the book in its original shape will note, too, the incorporation of a new chapter. For the scene of this chapter I have selected a locality likely to please that early and indulgent reader who has accepted the dedication of the book in its latest form and to whose kindness its first success was largely due.
