EXPLANATIONS.

This list includes reviews, magazines, newspapers, and the publications of societies; but not geological surveys or, in general, governmental publications.

Reviews, magazines, and journals are entered under the first word of their titles not an article or preposition.

American and British (English, Canadian, Australian, etc.) societies are entered under their corporate names; other foreign societies are entered under place of publication. The *Annales*, *Bulletin*, *Journal* or *Zeitschrift* of societies in most instances are entered also under these headings.

Newspapers are entered under place of publication, except when the title begins with the name of a state or county, in which case entry is made under that name. Thus: "Amador dispatch. Jackson"; "California star. S. F."
