THE

SEA-SIDE BOOK.

"Oh, what an endless works have I in hand,  
To count the Sea's abundant progeny!  
Whose fruitful seeds have passeth those in land,  
And also those which wanne in the azure sky,  
For much more eath to tell the starres on hy,  
Albe they endless seem in estimation,  
Than to recount the Sea's posterity;  
So fertile be the fruds in generation,  
So huge their numbers, and so numberlesse their nation."

Spenser.
