TO THE THIRD EDITION.

THE present work contained originally a much greater quantity of matter than in the form of its previous publication. It was the intention of the writer to publish a complete account of his travels in Spain ; but, finding that his book grew in a manner truly alarming to an unpractised author, and fearing that to cut down and generalize would take from the narrative whatever merit it might possess, he preferred rather to strike out entirely a sufficient portion to reduce it to more moderate dimensions. This portion is now restored, comprising the whole of the third volume with the exception of the concluding chapter.

June, 1836.
