PUBLISHERS' PREFACE.

THERE are but few persons in this country who have not, at some time or other, felt the want of an accurate, well written, concise, yet clear and reliable history of their own or some other state.

The want here indicated is now about being supplied; and, as the task of doing so is no light or superficial one, the publishers have given into the hands of the two gentlemen whose names appear in the title-page, the work of preparing a series of CABINET HISTORIES, embracing a volume for each state in the Union. Of their ability to perform this well, we need not speak. They are no strangers in the literary world. What they undertake the public may rest assured will be performed thoroughly; and that no sectarian, sectional, or party feelings will bias their judgment, or lead them to violate the integrity of history.

The importance of a series of state histories like those now commenced, can scarcely be estimated. Being condensed as carefully as accuracy and interest of narrative will permit, the size and price of the volumes will bring them within the reach of every family in the country, thus making them home-reading books for old and young. Each individual will,

in consequence, become familiar, not only with the history of his own state, but with that of other states:—thus mutual interest will be re-awakened, and old bonds cemented in a firmer union.

In this series of *CABINET HISTORIES*, the authors, while presenting a concise but accurate narrative of the domestic policy of each state, will give greater prominence to the personal history of the people. The dangers which continually hovered around the early colonists; the stirring romance of a life passed fearlessly amid peril; the incidents of border warfare; the adventures of hardy pioneers; the keen watchfulness, the subtle surprise, the ruthless attack, and prompt retaliation—all these having had an important influence upon the formation of the American character, are to be freely recorded. While the progressive development of the citizens of each individual state from the rough forest-life of the earlier day to the polished condition of the present, will exhibit a picture of national expansion as instructing as it is interesting.

The size and style of the series will be uniform with the present volume. The authors, who have been for some time collecting and arranging materials, will furnish the succeeding volumes as rapidly as their careful preparation will warrant.

PREFACE.

THE present History of Vermont is from the pen of a gentleman whose fine literary abilities have often been favourably acknowledged by the public. It has been written expressly for this Cabinet series of State Histories, and, like the volumes which have preceded it, is wholly original.

The responsibility of perfect accuracy rests upon those whose names are on the title page; the only duty devolving upon them, in this instance, having been that of careful collation with the original authorities.

CONTENTS.

CHAPTER I.

Samuel Champlain—Indian tribes and their wars—Character of French colonization—Champlain's alliance with the Algonquins—Hostility of the Iroquois—French missionaries—Lake Champlain—First permanent settlement in Vermont—Crown Point erected by the French—Opening of the New Hampshire grants—Increase of emigration—Steady progress of settlement.....	<i>Page</i> 19
--	----------------

CHAPTER II.

Boundary line between Massachusetts and New Hampshire established—New Hampshire required to support Fort Dummer—Township grants by the governor of New Hampshire—Bennington founded—Claims of New York—Number of grants issued—Fees for the same—Controversy with New York—Duke of York's patent—Its vagueness—Cadwalader Colden of New York—His proclamation—Counterproclamation from New Hampshire—Eastern boundary of New York defined by England—Jurisdiction asserted over Vermont—The grants from New Hampshire declared null and void—Resistance by the people—Their appeal to the British ministry—Royal orders to New York—Writs of ejectment obtained—Inability to execute them—Land
