PREFACE.

THIS book is composed to find a place in Sunday-school libraries, to keep in memory the heroic men who have contributed to lay the foundations of Anglo-Saxon civilization on this Continent, in the hope that it may alternate with, if not substitute, some of the fictitious tales that make up so much of the reading of our young people. It is based upon the most recent and reliable biographies of Raleigh and the histories of his times. I take pleasure in acknowledging my indebtedness to the biographies of Raleigh by Edward Edwards and by Mrs. M. A. Thompson, English writers, and to J. C. Ridpath's "History of the United States."
