CONTENTS.

CHAPTER I.

INTRODUCTORY REMARKS.

	PAGE
Hardiness of natives and exotics	11
Effects of mildew and excessive changes	11
Cost of houses	12
Skill easily acquired	12
Botanists' distinctions	13
Circumstances favorable to development	14
Evils of dogma and prejudice	15
Acclimatizing	16
Gratification and advantage of the Grapery	16

CHAPTER II.

HOUSES AND CONVENIENCES.

Double pitch, curve, and straight line	18
Single pitch	18
Ridge and furrow	18
Cold Grapery :	
Most suitable houses for	18
Position for double pitch	19
————— single pitch	19
Inclination of roof	20
Explanation of Frontispiece	21
Ground Plan to Frontispiece	22
Calculations of profits	24
House not to be used for other purposes	26
Foundations, ventilators, &c.	27
Internal fixings, &c.	27
Evil of cold water	28
Situation	29
Early Grapery :	
Suitable designs for and remarks on	29
Aspect	30

668578

	PAGE
Difficulties with outside temperature	30
Description and plan of house	31
Plan of ventilator	32
Advantage of inside planting	33
Plan of house heated by flue	34
Grapery for pot culture :	
Plan of house for	35
Other houses suitable	36
Retarding House :	
Objects of	36
Position and aspect	37
Plan of double detached house	38
Mr. Webster's method of ventilation	39

CHAPTER III.

ARTIFICIAL HEAT AND APPARATUS.

Reasons why it is required	40
Steam not suitable, and why	41
Hot water the best	41
Difference of material for pipes, &c.	42
Plan of boiler	43
Brick flues, general remarks on	44
Drying and parching effects of flues	45
Size and capacity of flue and furnace	46
Polmaise heating, remarks on	47
Plan of flue and polmaise combined	48

CHAPTER IV.

BORDERS, OR PREPARED BEDS.

Importance of right preparation	49
Bad effects of unsuitable materials	49
Nitrogenized manure not permanent	50
Good properties of bones and lime	52
Evil of over-deep borders	52
The strongest growth not the best	52
Advantages of well-drained borders	53
How to make the borders	53
Good drainage retains the moisture	54
Advantages of making only a part at first	55
Too much stimulating matter not good	56

CONTENTS.

v

	PAGE
Width of borders	56
How to retain natural longevity	57
Useless expenditure	58

CHAPTER V.

PLANTING AND MANAGEMENT THE FIRST YEAR.

Choosing of vines for planting	59
When to plant	59
How to plant	60
Careful watering required	61
Planting vines previously started into growth	61
Management through the summer	62
Attention to the roots	62
Necessity of a warm temperature	63
Attention to the tops	64
Increase of air as ripening progresses	64
How to prune, &c.	64
Wash to kill insects	65
Covering for winter	65
Top-dressing of compost	66

CHAPTER VI.

MANAGEMENT FOR THE SECOND YEAR, AND PERMANENT TREATMENT
FOR THE COLD GRAPERY.

Retarding of the buds	67
How to manage the advancing growth	67
Reducing of bunches	68
Regulation of temperature	68
Fertilizing the flowers	69
Application of water after blossoming	69
Further reduction of fruit	70
Thinning out the superfluous berries	71
Inside watering through the summer	72
Outside watering through the summer	72
Application of liquid manure	73
A drier atmosphere and more air required later in the season	73
House to be closed on frosty nights	74
Fall management	74
Weight of fruit to be allowed	75

CHAPTER VII.

THE EARLY GRAPERY, OR FORCING HOUSE.

	PAGE
Practical skill required, and remarks	77
Yearly forcing not injurious	79
Covering for outside borders	80
Injury from the roots being in a cold bed	80
Time to prune, and commencing to force	83
Evils of cold drafts of air	84
General treatment	85
Watering outside borders, and free ventilation	86
Second early crop	87
Journal of temperature and remarks	88

CHAPTER VIII.

POT CULTURE.

Advantages, care required, &c.	91
Comparative difference in crop	92
How to economise space	93
Suitable vines, compost, and potting	93
General treatment	95
Management for second fruiting	96
Application of liquid manure	97

CHAPTER IX.

RETARDING HOUSE.

Objects of the Retarding House	98
General remarks, and treatment	98
Caution required in pruning	101
How long in the year grapes may be had	102

CHAPTER X.

LIST OF VARIETIES.

Remarks on the confusion of kinds	104
Exotics, descriptive list	105
Cold Grapery, the best kinds for	112
Forcing House	112
Retarding House	113
