## CHAPTER I.

### GOSSIP.

IN order that we may start afresh and go to Meg's wedding with free minds, it will be well to begin with a little gossip about the Marches. And here let me premise, that if any of the elders think there is too much 'loving' in the story, as I fear they may (I'm not afraid the young folks will make that objection), I can only say with Mrs. March, 'What *can* you expect when I have four gay girls in the house, and a dashing young neighbour over the way?'

The three years that have passed have brought but few changes to the quiet family. The war is over, and Mr. March safely at home, busy with his books and the small parish which found in him a minister by nature as by grace. A quiet, studious man, rich in the wisdom that is better than learning, the charity which calls all mankind 'brother,' the piety that blossoms into character, making it august and lovely.

These attributes in spite of poverty and the strict integrity which shut him out from the more worldly successes, attracted to him many admirable persons, as naturally as sweet herbs draw bees, and as naturally he gave them the honey into which fifty years of hard experience had distilled no bitter drop. Earnest young men found the gray-headed scholar as earnest and as young at heart as they; thoughtful or troubled women instinctively brought their doubts and sorrows to him, sure of finding the gentlest sympathy, the wisest counsel; sinners told their sins to the pure-hearted old man, and were both rebuked and saved; gifted men found a companion in him; ambitious men caught glimpses of nobler ambitions than their own; and even worldlings

confessed that his beliefs were beautiful and true, although 'they wouldn't pay.'

To outsiders, the five energetic women seemed to rule the house, and so they did in many things; but the quiet man sitting among his books was still the head of the family, the household conscience, anchor, and comforter; for to him the busy, anxious women always turned in troublous times, finding him, in the truest sense of those sacred words, husband and father.

The girls gave their hearts into their mother's keeping—their souls into their father's; and to both parents, who lived and laboured so faithfully for them, they gave a love that grew with their growth, and bound them tenderly together by the sweetest tie which blesses life and outlives death.

Mrs. March is as brisk and cheery, though rather grayer than when we saw her last, and just now so absorbed in Meg's affairs, that the hospitals and homes, still full of wounded 'boys' and soldiers' widows, decidedly miss the motherly missionary's visits.

John Brooke did his duty manfully for a year, got wounded, was sent home, and not allowed to return. He received no stars or bars, but he deserved them, for he cheerfully risked all he had; and life and love are very precious when both are in full bloom. Perfectly resigned to his discharge, he devoted himself to getting well, preparing for business, and earning a home for Meg. With the good sense and sturdy independence that characterised him, he refused Mr. Laurence's more generous offers, and accepted the place of under book-keeper, feeling better satisfied to begin with an honestly-earned salary, than by running any risks with borrowed money.

Meg had spent the time in working as well as waiting, growing womanly in character, wise in housewifery arts, and prettier than ever; for love is a great beautifier. She had her girlish ambitions and hopes, and felt some disappointment at the humble way in which the new life must begin. Ned Moffat had just married Sallie Gardiner, and Meg couldn't help contrasting their fine house and carriage, many gifts, and splendid outfit, with her own, and secretly wishing she could have the same. But somehow envy and discontent soon vanished when she thought of all the patient love and labour John had put into the little home awaiting her; and when they sat together in the twilight, talking over their small plans, the future always grew so beautiful

and bright, that she forgot Sallie's splendour, and felt herself the richest, happiest girl in Christendom.

Jo never went back to Aunt March, for the old lady took such a fancy to Amy, that she bribed her with the offer of drawing lessons from one of the best teachers going; and, for the sake of this advantage, Amy would have served a far harder mistress. So she gave her mornings to duty, her afternoons to pleasure, and prospered finely. Jo, meantime, devoted herself to literature and Beth, who remained delicate long after the fever was a thing of the past. Not an invalid exactly, but never again the rosy, healthy creature she had been; yet always hopeful, happy, and serene, busy with the quiet duties she loved, everyone's friend, and an angel in the house, long before those who loved her most had learned to know it.

As long as 'The Spread Eagle' paid her a dollar a column for her 'rubbish,' as she called it, Jo felt herself a woman of means, and spun her little romances diligently. But great plans fermented in her busy brain and ambitious mind, and the old tin kitchen in the garret held a slowly increasing pile of blotted manuscript, which was one day to place the name of March upon the roll of fame.

Laurie, having dutifully gone to college to please his grandfather, was now getting through it in the easiest possible manner to please himself. A universal favourite, thanks to money, manners, much talent, and the kindest heart that ever got its owner into scrapes by trying to get other people out of them, he stood in great danger of being spoiled, and probably would have been, like many another promising boy, if he had not possessed a talisman against evil in the memory of the kind old man who was bound up in his success, the motherly friend who watched over him as if he were her son, and last, but not least by any means, the knowledge that four innocent girls loved, admired, and believed in him with all their hearts.

Being only 'a glorious human boy,' of course he frolicked and flirted, grew dandified, aquatic, sentimental or gymnastic, as college fashions ordained; hazed and was hazed, talked slang, and more than once came perilously near suspension and expulsion. But as high spirits and the love of fun were the causes of these pranks, he always managed to save himself by frank confession, honourable atonement, or the irresistible power of persuasion
