INTRODUCTION

THIS book has not been written with the idea of instructing the reader in regard to the deeper themes connected with Oriental countries, of which so many of our best writers have given us the most reliable history, gained from long study, as well as from archeological research; but simply to give pleasure, and to create a love for travel to these most interesting countries, which *we* so much enjoyed, and which will always be to *us* among our most treasured "Dreams of Yesterdays."

THE AUTHOR.
