IN these lectures I have used, for verification of facts, chronology, etc., the monumental work of Hannis Taylor, LL.D., "The Origin and Growth of the English Constitution," Boston, Houghton, Mifflin & Co., 1889, and the English classic, Taswell-Langmead, "English Constitutional History," sixth edition, London, 1905. For other facts and statements, their amplification and explanation, the reader is referred to my own work "American Constitutional Law; the Federal and State Constitutions," Boston Book Company, 1908.
