Hospital for SICK CHILDREN is set apart from the rest on account of the difference of dose, and the formulæ for children which are found in the other pharmacopœias are classed with them, with the name of each hospital attached to the several formulæ.

## PREFACE

TO THE THIRD EDITION.

---

A SECOND Edition is now out of print, and in collecting material for the Third Edition the Author has found the formulæ of the several Hospitals materially changed, many old formulæ have been struck out and many new ones introduced; indeed, the very recent ones are as yet only to be found in manuscript. All the Hospitals have liberally supplied the latter, and he may congratulate the profession in having placed before them all the approved formulæ that are in use in the several Hospitals up to the end of 1873.

277, OXFORD STREET,  
March 2nd, 1874.

THE AUTHOR, whilst engaged on the preparation of the British Pharmacopœia in 1863, collected the several Hospital Pharmacopœias of London, and made an alphabetical classification of all the preparations in them for the use of his Committee; these were afterwards published, and have been out of print a long time.

Since the publication of the British Pharma-
