PREFACE

THE heroism of the army surgeon has been by many people overlooked. Noncombatant the surgeon may be in the technical sense of the word, but Dr. Kimball's letters from trackless plains and mountain-tops, from battlefields, "civilized" and savage, show him "ever a fighter." Ready to attack death or disaster, he was indeed a true soldier-doctor. I like the name familiar to every man in the ranks, "Captain-Doctor," "Major-Doctor,"—hence Soldier-Doctor.

The extracts from my husband's letters and journals I have collected, first, for my sons, and second, for all who may like to know an American officer, —

"Whose powers shed round him in the common
strife,

Or mild concerns of ordinary life,
A constant influence, a peculiar grace;
But who, if he be called upon to face

Some awful moment to which Heaven has
joined

Great issues, good or bad for human kind,
Is happy as a lover; and attired
With sudden brightness, like a man inspired;
And through the heat of conflict, keeps the law
In calmness made, and sees what he foresaw."

MARIA BRACE KIMBALL
