CONTENTS

- | | <i>Page</i> |
|---|-------------|
| 1. A BREAK WITH PREVAILING FAITH | 1 |
| <p>Let anyone do anything, so long as his actions are peaceful; limit government to keeping the peace. The author's premise. Incorruptibility defined and its importance emphasized.</p> | |
| 2. THE AMERICAN SETTING:
PAST AND PRESENT | 10 |
| <p>A review of our evolutionary past should help us to better cope with the devolutionary theories and practices of the present.</p> | |
| 3. STRIFE AS A WAY OF LIFE | 31 |
| <p>Socialism rests on raw violence. Peaceful people rarely carry noncompliance far enough to discover this shocking fact about our "social gains."</p> | |
| 4. SOCIALISM IS NONCREATIVE | 46 |
| <p>Socialism only gives the appearance of being productive. What we mistake for socialism's achievement is free human energy pushing its way through the stifling bureaucratic regimentation.</p> | |

5. HOW SOCIALISM HARMS THE INDIVIDUAL 58
- When the individual forsakes or has taken from him a sense of self-responsibility, he loses the very essence of his being.
6. HOW SOCIALISM HARMS THE ECONOMY 72
- Socialism gives rise to unnatural and unmarketable human efforts and specialties, exchangeable only under duress. If this persists, our once dynamic economy will spin apart!
7. HOW PRESSURE GROUPS PROMOTE INFLATION 82
- Labor unions cause inflation precisely as do chambers of commerce and all other groups which seek handouts from the federal treasury; not, as is commonly supposed, by way of price and wage "spirals."
8. APPOINT A COMMITTEE! 89
- Committees tend to absolve individuals from personal responsibility for positions taken, thus permitting careless and irresponsible actions which seriously threaten the peace.
9. REGARDLESS OF CHOICE, VOTE! 108
- Voting presupposes a choice. Citizens have no moral obligation to cast a ballot for the "lesser of two evils," or for one of two trimmers; trimming is not comparative, since every trimmer is without integrity.

10. ON KEEPING THE PEACE 124

The real and revealing distinction between the socialist, on the one hand, and the student of liberty, on the other, is a difference of opinion as to what peaceful actions others should be prohibited from taking.

11. ONLY GOD CAN MAKE A TREE—
OR A PENCIL 136

Creative human energies combine miraculously to form a jet plane, a symphony, a pencil, just as molecules combine to form a living tree.

12. THE MOST IMPORTANT DISCOVERY
IN ECONOMICS 144

The most important discovery in economic science may be stated in a simple sentence. If fully mastered, it is all the economics the layman needs to know.

13. THE GREATEST COMPUTER ON EARTH 157

The free market computer, if permitted to operate, requires no attendants and its services are free. It can automatically receive billions of flowing data daily, giving off simple signals in the form of prices.

14. MAIL BY MIRACLE 171

Let anyone deliver catalogues and letters as freely as we are permitted to deliver freight or sound or human beings. An explanation of why so many people mistakenly believe that mail delivery could not possibly be left to private enterprise.
