THE MISSING BILLS: AN UNSOLVED MYSTERY.

THE death, last autumn, of a distant relation of the writer, leaves him free to publish the curious facts which are noted below. He has known them long, and often wished that, in these days when phenomena which were formerly termed supernatural are submitted to scientific and patient investigation, instead of being superciliously dismissed or weakly shuddered at, they might receive the attention of persons qualified to weigh and utilise, or possibly to explain them. But the witnesses felt a great—it ought, perhaps, to be said, a morbid—objection to the discussion of the story outside the family circle, and thus it has been kept comparatively secret for more than half a century.
