## PREFACE.

---

THIS little volume is made up of three lectures delivered to the students of Princeton Theological Seminary in March, 1892. They are now published at the request of the professors who heard them.

Fully recognizing their defects, I offer them as a contribution to a very important branch of pastoral service, hoping that other pastors of large experience may supplement them for the benefit of younger brethren, the salvation of souls and the glory of God.

J. D. W.
