PREFACE

There is no book in the Bible more fascinating than Genesis. It charms us in our childhood, and it holds its spell to the end. For it is not only full of the enchanted poetry of the East; it is a shining mirror of life in every age and under every sky. As we follow these ancient tales, we seem to be reading the story of our own souls.

This book has been written for young folk beginning to look out on the wonder of life. But I trust it will appeal also to older readers who still retain the dew of their youth, especially to parents and teachers who seek to win their children to the love of beauty and goodness. May this re-telling of Genesis help them in their heavenly task!
