## ... Introductory

**T**HE first intention of the publisher of the Centennial Album was to present to the public the pictures of the buildings and officers of the forthcoming Tennessee Centennial Exposition. As the work progressed, however, it was decided to add to these the pictures of some of Nashville's prominent citizens, as well as its public buildings, business houses, churches, and private residences.

While this work contains only a small part of what might be given, it nevertheless enables the stranger to form some idea of the importance of the city of Nashville.
