PREFACE.

HE reason for printing this volume, for private distribution, cannot be better explained, than by the request made in the following letter from the Duchess Dowager of Norfolk.

“Sunday.

“DEAR MR. T.

Last night I was reading some of the Extracts you have bestowed on me, and the occupation brought more vividly than ever, before, a plan of multiplying them by printing, if I can get your leave to do it. It would be a pity to *waste* your time and kindness on a single copy. I would

deliver into your hands as many as you chose, if you would give the permission and the name, and advise me how to proceed in doing it.

“Most truly obliged,

“C. NORFOLK.

“Nov. 22, 1868.”

For the arrangement of the contents of this volume, and a few short notes, to which I have put my initials, I alone am answerable.

WM. TWOPENY.

THE TRANSLATORS OF THE BIBLE TO THE
READER.¹

BUT it is high time to shew in briefe what we proposed to ourselves, and what course we helde in this our perusal and survey of the Bible. Truly (good Christian Reader) we never thought from the beginning, that we should need to make a new Translation, nor yet to make of a bad one a good one, (for then the imputation of *Sixtus* had bin

When the edition of D'Oyly and Mant's Bible was published, (4to. Cambridge, 1823,) the address of the Translators to the Reader, an extract from which is here given, was separately printed of the same size, by some Publisher, for those to purchase who desired it. In that impression, the words which in the edition 1613 are "whey instead of milke," are, "wheal instead of milke." Wheal is whey heated scalding hot to take off the curds.—*Richardson's Dict.*—W. T.
