*With tender memories of my  
mother and her patience in suffering  
this little book is dedicated  
to  
MOTHERHOOD*

## CONTENTS

| CHAPTER                                                                                        | PAGE |
|------------------------------------------------------------------------------------------------|------|
| I Introduction . . . . .                                                                       | 13   |
| II Development of Anesthetics . . . . .                                                        | 20   |
| III The Chemicals and Their Effects . . . . .                                                  | 28   |
| IV Nitrous Oxid and Oxygen in American<br>Obstetrics . . . . .                                 | 39   |
| V Objections to Twilight Sleep . . . . .                                                       | 43   |
| VI Advantages of Nitrous Oxid-Oxygen<br>Analgesia . . . . .                                    | 49   |
| VII Eutocia . . . . .                                                                          | 55   |
| VIII Obstetrical Facts and Statistics . . . . .                                                | 62   |
| IX Unnecessary Mortality . . . . .                                                             | 72   |
| X Nitrous Oxid-Oxygen Analgesia in<br>Obstetrics . . . . .                                     | 87   |
| XI Technic of Administering Nitrous<br>Oxid-Oxygen Analgesia in Normal<br>Obstetrics . . . . . | 101  |
| XII Reasons for Failures in Securing Anal-<br>gesia . . . . .                                  | 114  |
| XIII Nitrous Oxid-Air or Nitrous Oxid-<br>Oxygen . . . . .                                     | 118  |
| XIV A Study of 154 Consecutive Deliveries                                                      | 121  |
| XV Conclusions . . . . .                                                                       | 130  |
