PREFACE.

THE late **James Brown** was a man so much respected by the community, and so much beloved by his friends, that after the first sharp sense of the bereavement occasioned by his death had passed away, there was a general wish expressed that some memorial of him might be prepared—not for the public, but for those who honored and loved him—which should contain a sketch of his life and a selection from the various tributes and expressions which were called forth at the time of his death. To meet this wish, this volume has been prepared; and it is commended by the editor to the friends of its lamented subject, in the assurance that they will feel that it has been prepared in the spirit of truth as well as the spirit of love.
