FOREWORD

"There's a legion that never was listed,
That carries no colors nor crest,
But, split in a thousand detachments,
Is breaking the road for the rest."

The unlisted legion of Christian missionaries and their followers in India have left a trail of light along which the mighty highways of a Christian civilization are being built. Their imperishable records are written in the transformed lives of India's people.

India, the cradle of the human family, is a land of origins, of great race movements, of pagan faiths, and of missionary triumphs. It is a veritable wonderland of human interest. In the recital of history's record, nothing stands out more luminously than the long disclosure of God himself in the lives of his missionary messengers. India records the victories of Christian faith as does no other land. "Following the Pioneers" gives us a great amount of interesting and necessary information about India today. The book is written in terms of that same faith and optimism which actuated the pioneers.

"Following the Pioneers" satisfies our hunger for facts about the enheartening achievements of recent Christian movements in India. The book will be found of great value to Baptist teachers and leaders of mission
