PREFACE

I DESIRE to acknowledge my indebtedness to the admirable articles in the *British Association Guide* on the Geology and Natural History of the district. With regard to the illustrations, most of them are here published for the first time. Many are reproduced from my father's negatives; these are specified in the list, where the sources of all the illustrations are acknowledged. I wish to thank all those mentioned, as well as my wife, for their valuable assistance.

G. N. PINGRIFF
