# APPLIED ANATOMY OF THE LYMPHATICS

BY

F. P. MILLARD, D. O.

TORONTO

AUTHOR OF POLIOMYELITIS; FOUNDER AND PRESIDENT OF THE NATIONAL LEAGUE FOR THE PREVENTION OF SPINAL CURVATURE; FOUNDER AND PRESIDENT OF THE INTERNATIONAL LYMPHATIC SOCIETY, AND EDITOR OF A QUARTERLY JOURNAL PUBLISHED BY THE LYMPHATIC RESEARCH SOCIETY; ANATOMICAL ARTIST; ORIGINATOR OF WATER-MARKED SPINE IN STATIONERY FOR THE OSTEOPATHIC PROFESSION, ETC., ETC.

EDITED BY

A. G. WALMSLEY, D. O.

COLLABORATOR WITH DR. MILLARD IN PRODUCING POLIOMYELITIS; EDITOR OF APPLIED ANATOMY OF THE SPINE BY H. V. HALLADAY; SECRETARY OF THE NATIONAL LEAGUE FOR THE PREVENTION OF SPINAL CURVATURE; ASSOCIATE EDITOR OF THE OSTEOPATHIC MAGAZINE AND THE SPINAL LEAGUE JOURNAL.

Published under the Auspices of the  
International Lymphatic Research Society  
and Copyrighted by this Society, 1922.

## CONTENTS

Preface.....	9
Introduction.....	11
Editor's Preface.....	15

### CHAPTER ONE

#### THE LYMPHATIC SYSTEM: A GENERAL OUTLINE OF ITS APPLIED ANATOMY.

A New Method of Diagnosing Various Diseases by Palpating Lymphatic Glands.  
A Lymphatic Examination. Venous Stasis and Lymph Blockage.

### CHAPTER TWO

#### APPLIED ANATOMY OF THE LYMPHATICS OF THE HEAD AND NECK.

Lymphatics of the Tongue. Lymphatics of the Thyroid Region. Lymphatics of the Larynx and Trachea. Lymphatics of the Tonsils. Lymphatics of the Teeth and Gums. Pyorrhea, Lymphatically Considered.

### CHAPTER THREE

APPLIED ANATOMY OF THE LYMPHATICS OF THE HEAD AND NECK IN RELATION TO ACUTE POLIOMYELITIS.

### CHAPTER FOUR

#### LYMPHATICS OF THE THORAX.

Lymphatics of the Lungs and Pleura. Lymphatics of the Axillary Region. Lymphatics of the Heart and Pericardium. Lymphatics of the Esophagus.

### CHAPTER FIVE

#### LYMPHATICS OF THE ABDOMINAL AND PELVIC REGIONS.

Lymphatics of the Diaphragm. Lymphatics of the Liver. Lymphatics of the Stomach and Intestines. Lymphatics of the Kidneys. Lymphatics of the Pelvic Region.

### CHAPTER SIX

#### VACCINES AND SERUMS.

Vaccines and Serums in Relation to the Lymphatic System. Vaccination and the Lymphatics.

### CHAPTER SEVEN

#### THE ORIGIN AND FUNCTIONS OF THE LYMPHATIC SYSTEM.

Edwin Martin Downing, D. O.

Importance of the Lymphatics. The Volume of Lymph. Development of Lymphatics. Anatomy of Lymphatic System. Lymphatics of the Intestines. The Nerve Supply. The Movement of the Lymph. Functions of the Nodes. Lymph and the Endocrines. Transubstantiation in the Lymph-Stream. The Lymph and Nutrition. The Commissary Department. The Lymph in Orthopedic Surgery. To Stimulate Lymph Flow. To Increase the Volume of Lymph.

## CHAPTER EIGHT

## BLOOD CHEMISTRY

R. M. Ashley, D. O.

The Importance of a Blood Examination. Blood Analysis to Differentiate the Different Forms of Diabetes. Inter-Relationship of the Spleen and Stomach. The Spleen and Digestion. Hodgkin's Disease. Acidosis. The Prevention of Acidosis. Cardiac Dyspnea. Non-Protein Nitrogen in Blood (NPN).

## CHAPTER NINE

## THE EFFECTS OF EXERCISE ON THE LYMPHATICS.

Evelyn R. Bush, D. O.

Exercise Necessary to Maintain Normal Circulation. The Heart Gains by Exercise. Exercise Makes for Efficiency. The Flexibility of Youth May be Retained by Proper Exercise. Activity is Life. Most Diseases are Benefited by Exercise. Exercise Promotes Normal Lymphatic Circulation.

## CHAPTER TEN

## PART ONE—LYMPHATIC GLANDS OF THE NECK.

H. L. Collins, D. O.

Groupings of Lymphatic Glandular Enlargements of the Neck: Group One—Non-Tubercular Cervical Adenitis. Group Two—Tubercular Cervical Adenitis or Scrofulous Neck Swellings. Group Three—Lymphatic Enlargements as a Result of Old Syphilitic Infection. Group Four—Hodgkin's Disease or Pseudo-leukemia. Group Five—Cystic Lymphangioma.

## PART TWO—THE LYMPHATICS OF THE CHEST.

C. Paul Snyder, D. O.

The Workings of the Lymphatics of the Chest. Interesting Drainage of Lymphatics of Pleura. Poirier's Explanation of the Frequency of Pleurisy. Treatment for Drainage and Circulation of the Thorax. To Promote Vasodilatation.

## CHAPTER ELEVEN

## PART ONE—LYMPHATICS OF THE EYE, EAR, NOSE AND THROAT.

C. C. Reid, D. O.

A General Description of Lymphatic System. Seven Large Lymphatic Stems. Lymphatic Nodes of the Head and Neck.

## PART TWO—LYMPHATICS OF THE EYE AND EAR.

Glen S. Moore, D. O.

The Importance of Lymph Drainage. The Eye. Glaucoma. Triple Lymphatic Drainage of the Eye. The Ear. Summary.

## CHAPTER TWELVE

## LYMPHATIC DRAINAGE OF THE HEAD AND NECK.

J. Deason, M. S., D. O.

Physiologic Properties of Lymph. General Anatomy. Groups of Deep Cervical Glands. Postpharyngeal Lymph Glands. Anterior Pharyngeal Lymph Glands. Tonsils and Lymph Drainage. Tubercular Tonsillitis.

## CHAPTER THIRTEEN

## FINGER SURGERY IN THE TREATMENT OF THE LYMPHATICS OF THE EYE, EAR, NOSE AND THROAT.

James D. Edwards, D. O., M. D.

Lymph Drainage of the Eyelids. The Ocular Lymphatics. Lymphatics of the Auricle and External Auditory Canal. Finger Surgery of the Auditory Lymphatics. The Eustachian Lymphatics. Finger Surgery of the Eustachian Lymphatics. Lymphatics of the Nasal Cavity. Finger Surgery of the Nasal Lymphatics. Lymph Drainage of the Oral Cavity. Finger Surgery of the Oral Lymphatics. The Lymph Drainage of the Larynx.

## CHAPTER FOURTEEN

## A CONSIDERATION OF THE LYMPHATICS OF THE EYE, EAR, NOSE AND THROAT IN HEALTH AND DISEASE

John H. Bailey, D. O.

Lymphatics of the Nose. Tuberculosis Prevented by a Healthy Nose. Suppurative Rhinitis a Serious Symptom. Wonderful Mechanism of Drainage in Normal Sinuses. A Normal Pharynx is to the Child What a Normal Nose is to the Adult. Drainage of the Pharynx, Nose and Ear. Osteopathy for School Children. Normal and Abnormal Adenoid Tissue. Normal Tonsils Closely Related to Immunity. When to Suspect "Adenoids." Symptoms of Adenoids. Operation for Removal of Adenoids. The Lingual Tonsils. The Fauical Tonsils. The Tonsil has a Wide Range of Motion and is Not Firmly Bound Down to the Sinus Tonsillaris. Tonsillectomy May be Avoided by Freeing the Plica and Training the Crypts. Relation of Tonsils to Deafness. Every Inflamed Tonsil Should be Accurately Diagnosed and Adequately Treated. When to Advise Operation. Improving the Drainage from the Tonsil. Tonsillar and Peritonsillar Abscess. Treatment of Pyorrhoea. Edema of the Larynx. Mucous Membrane of the Tympanum or Middle Ear. Acute Otitis Media. The Nose and the Sinuses in Eye Conditions. Manipulations of the Eyeball and Adjacent Structures.

## CHAPTER FIFTEEN

## THE RELATION OF THE LYMPHATICS TO INFECTIONS AND TO MALIGNANCY.

Geo. M. Laughlin, M. S., D. O.

The Lymph Glands a Defensive Mechanism. Case Report No. 1—Infection of Right Elbow Due to Infected Tonsils. Case Report No. 2—Persistent Swelling of Neck Glands Requiring Surgical Treatment. Do Not Manipulate Enlarged Lymph Glands. Case Report No. 3—Injury of Leg Which Later Became Infected Through the Blood Stream. Inguinal Lymphatic Involved. Case Report No. 4—Deep External Iliac Lymph Glands so Enlarged as to be Mistaken for Fibroid Tumor of Uterus. Cured by Incision and Drainage. Case Report No. 5—Sarcoma of Hip. Secondary Involvement of Adjacent Lymph Glands. Case Report No. 6—Removal of Breast Due to Broken Down Cyst. Lymph Glands Infected Secondarily. Interesting Case of Carcinoma of Breast in Woman Sixty Years of Age. Case Report No. 7—Inoperable Case of Carcinoma of Stomach. Adjacent Lymph Glands Enlarged. Case Report No. 8—Carcinomatous Obstruction of Bowel. Mesenteric Lymph Nodes Enlarged.
