FOREWORD

It is the purpose of this book to heal those who read and study its pages. The articles are gathered together with that object in view. Each one was written under the inspiration of a definite purpose — to heal, encourage, and enlighten whomsoever should read it — and the multitude of letters which have been received shows that the purpose has borne fruit, and causes me to rejoice in the knowledge that written truth can bear the balm of healing to suffering humanity.

These lessons are the fruit of spiritual realization. The varying forms of expression were adapted to the various states of mind I desired to arouse. The energies of Omnipotence are latent within human minds, and there is no nobler task than speaking or writing words that will stir those energies and arouse them into activity for the healing of God's beloved humanity.

As all forces, at the last analysis, are of the nature of mind, developed or undeveloped, then the forces of mind — thoughts — are the proper things wherewith to direct the living, healing dynamics within the nature of man.

Mystical words of mighty healing power have been revealed to me, and I have woven many of them into these lessons and affirmations.

Where a truth is repeated, I have purposely allowed the repetition to stand, and I trust that this will cause the reader to remember that "Repetition is the mother of learning."

Remember that your ability to gain dominion over your physical body will develop as you cultivate thought power. By constant study of these lessons, and persistent use of the thoughts given in them, you will gain an ability to heal yourself and others, according to the degree of thought power you generate. I have known a pupil to take a single sentence and hold to it so persistently that in the space of one year she had transformed a gross, abnormal growth in the interior of the body, into normal, healthy substance. She had faith in the power of thought to transform the body and did not allow laziness of mind to stand in the way of its accomplishment.

"There is no excellence without labor." It is not how much you read, or how much you know about mental processes that gives you mental power, but *it is how much you incorporate of the positive thought and feeling of Truth into your mind and body.*

If you desire to progress in spiritual power you will be obliged to build a thought-body out of positive thoughts of truth. These lessons will furnish you with the material for building your spiritual temple, through which the healing power will become manifest in your flesh, and as you put these truths into practice day after day and year after year, you will find all negative limitations

vanishing and a positiveness of soul power developing which will repay you most wonderfully for all your efforts toward the attainment of spiritual and physical dominion. Awake, and understand your divine possibilities as a soul formed in the image and character of the Almighty! Create into a powerful thought- or mind-body all the divine attributes that lie latent within your soul, awaiting your recognition and expression, and you will attain a consciousness of power that will grow and increase throughout all eternity.

WALTER DEVOE.

ASPIRATION

I pray to know the charm of mine own transcendant soul, that it may show forth greater power through my personality and enfold all mankind in the healing power that will soothe the aching hearts of the world.

When the Master spoke, the charm of his soul was the Spirit of his words, and whoever was ready for truth, felt his spiritual power and followed him gladly.

I pray that through the charm exerted by my own awakened soul, I may be able to arouse and awaken the slumbering soul which is the Self of every one. May I realize the power to help each Self to manifest its God-likeness in the flesh, and thus bring an immortal glory to this world.
